# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought
- Daily Summary of 2014 Drought Events - [Details](#)

## **Ranchero Bridge Incident ,Oak Hills / Hesperia CA, San Bernardino County**

- [California Highway Patrol has assumed Incident Command.](#)
- [Northbound I-15 traffic has been reopened as of 1752 hours this evening. Southbound I-15 remains closed 3 miles south of the junction of US 395 to Joshua Street. Estimated time of reopening is between 0000 to 0600 on 5/7](#)
- CHP continues to utilize surface streets to maintain the flow of traffic.

## **Major construction U.S. Highway 50, Sacramento, Sacramento County** ([Update](#))

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets. The Caltrans Traffic Management Center (TMC) reports no issues to date with the project or the traffic in the area.
- Please see “Fix 50” slides for additional information, including [alternate routes](#).
- The CSWC will continue to monitor and provide situation awareness reports directly from CSWC.

## **Significant Weather**

- High Wind Warning remains in effect until 0300 Wednesday for portions of Riverside and San Diego Counties.

## **“Fix 50” Information**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

- Major construction is underway on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

### **2014 Project Dates**

### **Roadway Construction Timing:**

**Eastbound Highway 50: April 22 – May 21**

#### **Phase 2: May 2 - May 21**

- During Eastbound, Phase 2 (May 2 – 21), the following ramps will be closed: - 16th Street On-Ramp - Connector ramp from eastbound Highway 50 to southbound Highway 99 - Connector ramp from eastbound Highway 50 to eastbound Business 80
- At least 3 lanes will be open
- Westbound traffic will be fully open as normal with no impact.

## “Fix 50” Update

### Overnight Late Night Lane and Ramp Closures Scheduled for Fix50 Project

Caltrans is advising motorists of night work tonight, **Tuesday night, May 6** that will close 2 westbound lanes on U.S. Highway 50, the 16th Street off-ramp and the connector ramp for westbound Business 80 (Capital City Freeway) to westbound Highway 50.

Caltrans has granted a westbound lane closure request for the Fix50 project to do pavement drilling on the 2 outside westbound lanes (lanes 4 and 5) and the 16th Street off-ramp from **8 p.m. to 5 a.m.** Additionally, the connector ramp from westbound Business 80 to westbound Highway 50 will be closed Tuesday night from **midnight to 5 a.m.** A signed detour will be available around the connector from westbound Business 80 to westbound Highway 50 using the Hornet Drive exit near CSU Sacramento.

Ongoing night work for Fix50 is preparing the roadway for the official start of westbound construction. Caltrans' contractor, Myers & Sons Construction continues to work around the clock on the eastbound side of Highway 50 to place a new deck on the elevated section between 18th and 24th Streets in downtown Sacramento.

## **“Fix 50” Information (Cont.)**

### **Major construction U.S. Highway 50, Sacramento, Sacramento County**

#### **Alternate Routes:**

**During work in the EASTBOUND direction (April 22 – May 21):**

#### **If traveling from Elk Grove/Laguna to Rancho Cordova/Folsom:**

- Use Freeway-99 North to US-50 East
- Do **not** use I-5 North to US-50 East

#### **If traveling from Davis to Downtown Sacramento:**

- Use I-80 to I-5 South, to Richards Blvd or “J” Street off ramps
- Do **not** take I-80 to US-50 East

#### **If traveling from Natomas/Davis to Rancho Cordova/Folsom:**

- Use I-80 East to Watt Ave exit-South to Business-80 on-ramp to US-50 East.
- Do **not** use I-5 to US-50 East.

#### **If traveling through the project area during Phase 2 (Closed connector ramps to Business-80 and Freeway-99):**

- Use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West

# WEATHER

## WEATHER SYNOPSIS:

### **NORTHERN CALIFORNIA**

The remnants of a cool low pressure system will be lingering over the eastern areas today with cloudiness and a few light showers. The northern mountains are also likely to see some lingering cloudiness and a slight chance of light showers again today. Higher pressure with drier conditions will move through the region Wednesday with warmer temperatures. Another weakening weather system will move through North Ops Thursday with more light showers, mainly over the mountains. Cloudiness and some possible showers will linger Friday. Dry and warmer weather arrives for the weekend, but skies will probably continue to be at least partly cloudy. Next Monday looks like the driest and warmest of the next 7 days with warmest inland valleys getting into the mid 80s. Periods of gusty westerly to northerly winds can also be expected through the weekend.

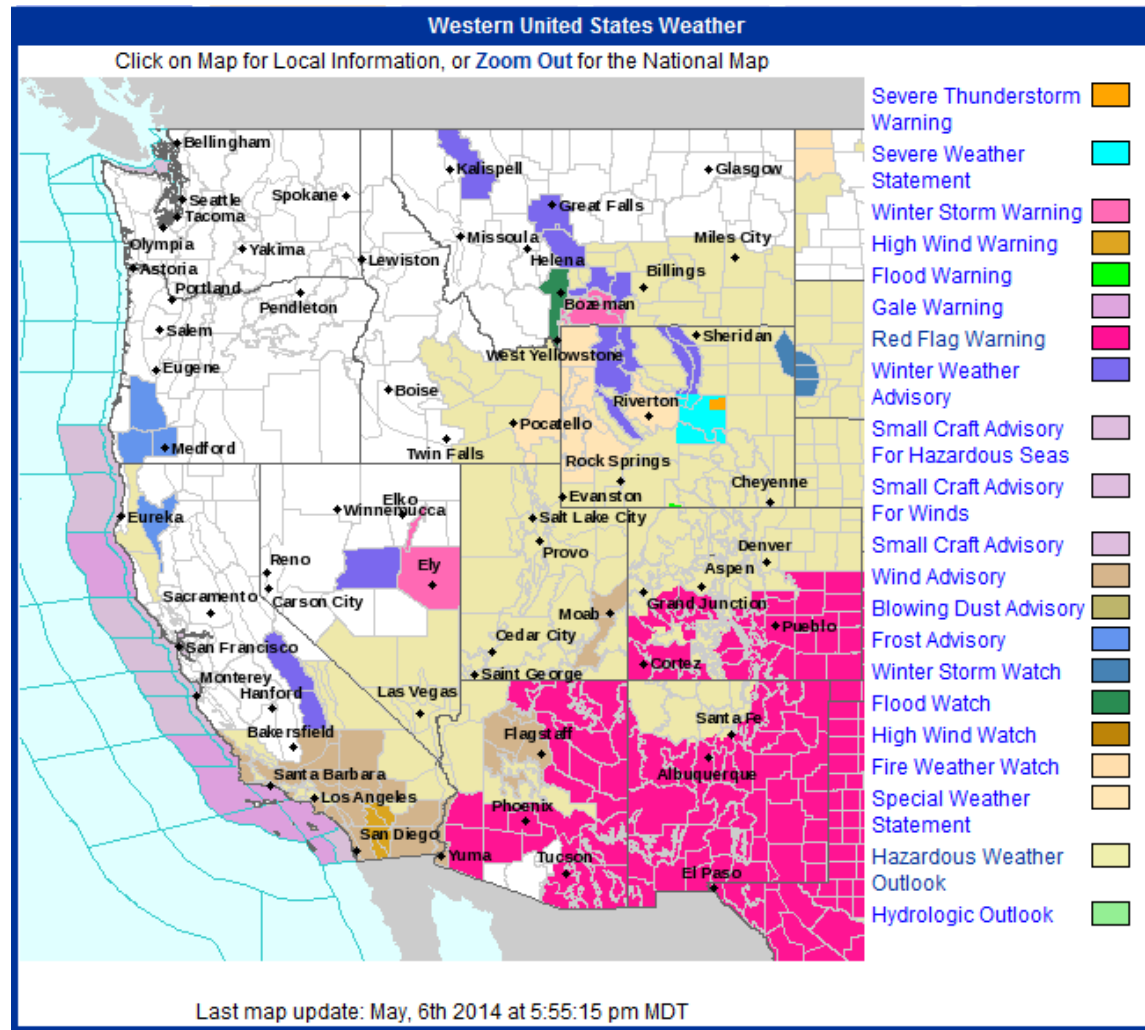

### **SOUTHERN CALIFORNIA**

An unseasonably cold trough will traverse Central California today, resulting in strong winds across the mountains and deserts throughout the day. The winds will be strongest in the Antelope Valley, the Banning Pass and Coachella Valley, and the east side of the Cleveland National Forest where wind gusts up to 60 mph will be possible this afternoon and evening. Temperatures will only be in the 60s at the lower elevations to the 40s in the mountains. Although this system holds very little moisture, some light showers will be possible in the Sierras and in the San Bernardino and Cleveland National Forests. The trough will exit the region late tonight, but cool weather will persist through Thursday. Highs will remain a few degrees below normal Wednesday and Thursday with highs reaching the 70s in the valleys and the 50s in the mountains under partly cloudy skies. Northwesterly flow behind the system will result in afternoon winds of 15-25 mph Wednesday and Thursday along the Central Coast and across the desert interface regions.

# **FIRE ACTIVITY**

## **Ranchero Bridge Incident BDC # 1426218 Oak Hills / Hesperia CA, San Bernardino County**

CHP has assumed command and Incident Command is located on scene.

Suppression has been completed with minimal mop up of hot spots ongoing. San Bernardino County FD has 2 engines, 2 water tenders and 1 crew still assigned to the incident. They are on scene for support to the clean up effort and possible flare ups of the fire area.

California Highway Patrol has assumed Incident Command.

Northbound I-15 traffic has been reopened as of 1752 hours this evening. Southbound I-15 remains closed 3 miles south of the junction of US 395 to Joshua Street.

Clean up efforts have been focused on Southbound lanes. Estimated time of reopening is between 0000 to 0600 on 5/7.

**Information was acquired by San Bernardino Communications Center and Incident Commander. FDO will continue to monitor with any new updates.**

# **CAL OES DROUGHT ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

## Situational Summary (Cont.)

Information as of 4/28/14

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# Cal OES – SOC

## Daily Summary of 2014 Drought Events

### As of May 6, 2014

- Web Guidance: The updated Emergency Drinking Water Procurement & Distribution Planning Guidance is under final review for release to the web.
- Per the Governor's Executive Order released 4/24/2014, Item #12:
  - The Office of Planning and Research (OPR) has taken on the role of overseeing coordination between California Department of Public Health and the California Governor's Office of Emergency Services (CalOES). OPR sent out a survey to County Health Officers requesting specific smaller water drinking system information that is due back to their office this Thursday, May 8, 2014.
- The Department of General Services (DGS) has secured bottled water contracts usable for the next three years with a two year option to extend that can be used by local government. In addition, bulk water contracts have been posted for bid and will be secured by May 30, 2014.
- The California Department of Social Services (CDSS), Drought Food Assistance Program (DFAP), is rolling out emergency food assistance shipments to four (4) counties within the next one to two weeks: Fresno, Kern, San Joaquin, and Stanislaus.
- Kings County has created a Drought Task Force and their first meeting will be held May 16, 2014.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-2867** Calaveras County Sheriff for Human Remains Detection Dogs for a search planned for May 9. Santa Clara Sheriff's Forensic team has accepted the mission.
- **2014-LAW-2843 Current:** Searches conducted on 5/3 and 4, located several items of interest. Plumas County personnel plan on returning for additional searches on or about 5/9. **Situation:** Plumas County Sheriffs Office (PCSO) is requesting Search and Rescue resources in support of a Humans Remains search Southwest of Lake Almanor. County SO will be providing 2-3 Humans Remains Detection (HRD) K9s for search efforts.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.

# CAL OES MISSIONS

## Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-SOC-2111** Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

# CAL OES MISSIONS

## Closed Cal OES Missions

- **2014-LAW-2814** Santa Cruz Sheriff's Office is requesting ground search and 3 HRD K-9 resources to assist in a cold case search that is scheduled to take place on 5/3/14. The request is for a single HRD K-9. Cal OES LDO has secured the requested resource. **Mission Closed.**
- **2014-LAW-2722** Travis Fire Emergency Services requesting the 95th CST for the Travis AFB Show 5/3-4/2014. **Mission Closed.**

## **UPCOMING EVENTS, TRAINING, EXERCISES**

### **Diablo Canyon Power Plant Full Scale Exercise**

Diablo Canyon Power Plant in San Luis Obispo will be hosting a full scale Hostile Action Based FEMA evaluated exercise on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

### **Tropical Cyclone Simulation Exercise Plan (May 8, 2014)**

The National Weather Service (NWS) offices and National Hurricane Center (NHC), Weather Forecast Office (WFO) San Diego, WFO Oxnard, Local Emergency Managers, CalOES, Cal OES Warning Center, FEMA Region IX, and Western Regional Operations Center (ROC) will participate in a tropical cyclone simulation exercise on May 8, 2014.

The scenario for this exercise will use NHC developed Advisory package materials as were developed for the May 2013 exercise within NWS. The scenario depicts a tropical cyclone moving NNW along the west coast of Baja California and eventually re-curving into southern California. The NHC Advisory package materials have been shared with WFO San Diego and WFO Oxnard. The exercise will be compressed into one day (May 8). Due to the limited time available, participants will utilize only two of the Advisory Packages (To Be Determined), one simulating the storm a few days away, and the second with the storm much closer, with warnings/watches “in effect”.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
